## RIGHT AND LEFT HAND ASCENDER WITH GRIP AD-10 / AL-15

ASCENDER AD-10

ASCENDER AL-15

### GENERAL INFORMATION

AD-10 and AL-15 are right and left handed rope clamps with a sturdy design and high quality materials giving them a lasting performance. Its anti-slip large hand grip may safely accommodate a thick gloved hand. The protuberance on the lower side of the cam prevents it from capsizing and becoming stuck.

They are certified according to the European norms EN 567 for sport use and EN 12841 type B for work at a height use. According to the first norm they are tested to work with low stretch and dynamic ropes from 8 mm to 13 mm and according to second with type A low stretch ropes from 9 mm to 13 mm.

FEATURE	VALUE
DIMENSIONS	203 x 90 x 28
MASS	216 g
EN 567	8 mm - 13 mm (low stretch and dynamic)
EN 12841 TYPE B	9 mm - 13 mm (type A low stretch ropes)

### STATIC TEST

Ø mm	DYNAMIC ROPE	LOW STRETCH ROPE	
8	5 kN	6,0 kN	
10	6,3 kN	6,5 kN	
11	6,6 kN	7,5 kN	
12		7,8 kN	
13		8 kN
